RE: Docket # 03-00385

Dear Ms. Singleton:

By statute CLEC applicants are required to demonstrate their managerial, financial and technical abilities to provide the services for which they seek authority. EZ Talk Communications, LLC filed an Application for a Certificate of Convenience and Necessity to provide competing local telecommunications services within the state of Tennessee on June 9, 2003. The Authority sent a Data Request on June 17, 2003 requesting information be returned no later than June 27, 2003. There have been numerous phone calls to your office requesting this information, and to date nothing has been received.

This is a final request of the additional information needed to process your CLEC application. This matter will be placed before the Authority on December 15, 2003 for action relative to your Petition. It is therefore imperative for you to respond to the June 17, 2003 Data Request by December 4, 2003. Failure to do so will result in consideration of an incomplete application. Please respond to the Data Request dated June 17, 2003 by December 4, 2003 or the Docket will be placed before the Directors.

If you have any questions concerning this request or need additional information, please call Patsy Fulton at 615-741-2904 ext. 193.

Sincerely,

A handwritten signature in black ink, appearing to read "Joe Werner".

Joe Werner, Chief of Telecommunications
